- IV. Reports
 - a. President – Hampton Inn is trying to be very helpful by allowing us to meet here monthly for no charge.
 - b. Secretary – Enjoyed participating in Egg My Yard
 - c. TNR Report – We have upcoming appointments for 10 cats, we have a waiting list of 7-8 different people to get their feral colonies spayed/neutered.
We had 2 cats in a foster home, Dozer and Big Boy. The foster called and said that Dozer was sick but didn’t return him in 5 days, Sallie went and picked Dozer up but unfortunately, we lost him. We currently have Big Boy as well; he has an ear infection. Shelter has two cats Mickey and Minnie who have attacked Daria and Daria would like them placed in a Barn home, Joie firmly believes that these two would not do well in a Barn environment. Joie would like to take them from the Shelter and find them homes, they are already spayed and neuter so only cost to pet partners would be food and litter at this time. We are also going to get Morty back because the Foster is moving.

Linda asked for a Motion to pull Mickey and Minnie from the Shelter and adopt as Pet Partners cats. Joie Merendino Motioned and Daniela 2nded Motion Passed Joie or Sallie will pick up Mickey and Minnie.

With us trapping we do need more room, we will need more advertising: Facebook, Petfinder and radio. Question and discussion around whether we need an Adoptathon in the near future. No decision made regarding holding an Adoptathon at this time.

First litter born April16, 2021 – 5 kittens 2 orange tabby and 3 gray tabby. Joie and Sallie are going to be gone for 2 weeks in June right around the time the kittens will be ready to go to new homes. Discussing possibility for the Shelter to take the kittens during this time.
 - d. Spay/Neuter Community Assistance Program – Daniela reports we have not been receiving very many applications. We also received the receipt for the person who did

not get the discount from Hones Veterinary Clinic. Gave receipt to Sallie so we can reimburse her for the coupon we sent.
